

we in nj enjoy the best prttection from telemarketers, those rude and obnoxious folks who call from companies that we do NOT want to talk to. THAT is why we signed up in the first place.

so, let nj alone. we do NOT want you to interfere with our very good law. i do NOT want companies to call me unsolictied - PERIOD.

they are rude to us when they call, so that makes me rude to them too. stop this madness.
